

SINGLEFIX PRO

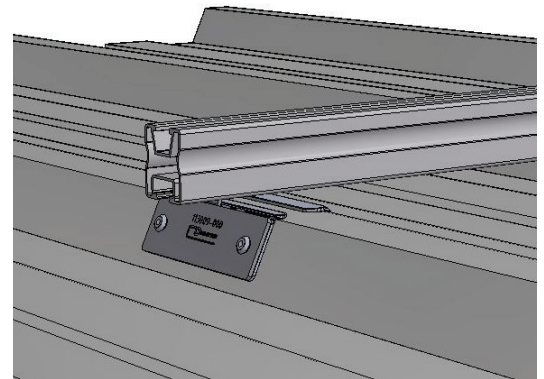

- + Cost-effective direct fastening system for trapezoidal roofs (including trapezoidal insulated roofs)
- + Compatible with a wide range of trapezoidal roof sheet dimensions
- + Suitable for both portrait and landscape installation

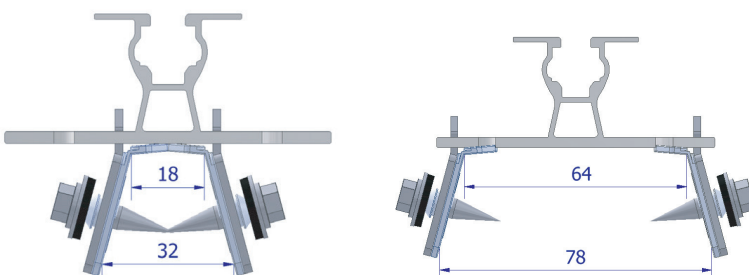

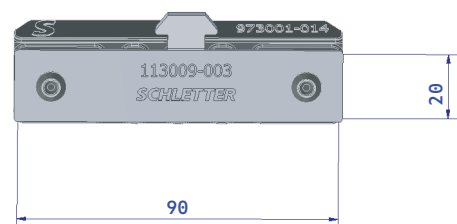

VERSATILE MOUNTING SOLUTION FOR TRAPEZOIDAL ROOF SHEETS

The ultimate solution for quick, material-friendly, and hassle-free solar panel installation. Engineered for rapid deployment, it reduces installation time without compromising quality. With its versatile design where these fasteners are not limited by fixed roofing sheet rib widths, SingleFix Pro ensures seamless integration into various trapezoidal roofing sheets for various projects. It accommodates both portrait and landscape modes and provides an effortless installation experience with Schletter SingleFix Pro and SingleFix Pro HU.
